1. Introduction

The Trust/Schools recognise that by efficiently managing their records, they will be able to comply with their legal and regulatory obligations, and to contribute to the effective overall management of the school. Maintaining good records helps us to provide the evidence needed to protect the legal rights and interests of their school, and for them to demonstrate their performance and accountability.

This policy provides the framework through which the Trust/Schools will effectively manage their records.

2. Scope

The CEO of Learning Today Leading Tomorrow Trust (LT2) takes overall responsibility for the implementation of policies and procedures and to provide reports as appropriate to Trustees in relation to this policy.

Headteacher’s of LT2 schools and their Senior Leadership Teams will take active steps to promote good practice under this policy and review and monitor the management and implementation of this policy and practice in their School. They will identify training needs, ensuring competence in those staff who are responsible for and involved in the operation of this policy and associated guidance.

Teachers and other supervisory roles will, where required, conduct formal meetings, undertake relevant training in relation to this policy and ensure effective and competent operation of this policy.

All employees are required to cooperate fully and positively with the requirements of this Policy and to undertake any training recommended by their line manager. The following persons will generally be responsible for managing employees under this policy:

- The School Headteacher (for School based teaching and educational or non-educational support staff); and,
- The Chief Executive Officer (for School Headteacher’s and centrally appointed teaching and support staff) (the “Line Manager”).

5. Retention of Records

The LT2 Records Retention Schedule and Checklist in Appendix A outlines the Trust’s retention periods for all records kept by the Trust / Schools and the action that will be taken after the retention period ends.

Electronic copies of any information and files will be destroyed in line with the retention periods outlined.

An annual review will take place at the end of each academic year to go through this checklist.

The completion of this review should be shared at the Governors meeting and noted in the minutes.

6. Safe Destruction of Records

All records containing personal information, or sensitive policy information will be made either unreadable or unreconstructable.

- Paper records should be shredded using a cross-cutting shredder
- CDs / DVDs / Floppy Disks should be cut into pieces
- Audio / Video Tapes and Fax Rolls should be dismantled and shredded
- Hard Disks should be dismantled and sanded

Any other records will be bundled up and disposed of to a waste paper merchant or disposed of in other appropriate ways.

Do not put records containing personal information with the regular waste or a skip.

Where an external provider is used, where possible, all records will be shredded on-site in the presence of an employee. The organisation must also be able to prove that the records have been destroyed by the company who should provide a Certificate of Destruction. Staff working for the external provider will be trained in the handling of confidential documents.

The shredding will be planned with specific dates and all records will be identified as to the date of destruction.

PLEASE NOTE: if the records are recorded as 'to be destroyed' but have not yet been destroyed and a request for the records has been received they MUST still be provided.

7. Freedom of Information Act 2000

The Freedom of Information Act 2000 requires us to maintain a list of records which have been destroyed and who authorised their destruction

When destroying either a substantial amount of information or information which is of a particularly sensitive or important nature, members of staff should record at least:

- The information that has been destroyed
- The volume of the information that has been destroyed
- Who provided authorisation to destroy the information
- The date the information was destroyed

By following this guidance and completing the Annual Checklist, the Trust/Schools will ensure that our school is compliant with the Data Protection rules and the Freedom of Information Act 2000.

8. Relationship with other policies
